Intelligent Telecommunication Solutions

Save 30% or more on phone bills

- *Call any mobile network from your office extension at a reduced rate*
- *Calls billed on a per second basis*
- *All calls to mobile networks automatically routed to maximize savings*

How does it work?

- *Our compact device is installed on your PABX or direct line*
- *No codes needed to activate; simply dial the number*
- *The device identifies the call prefix (030, 020, 024, 028..) and automatically routes mobile calls through it*
- *Your call is transformed to a mobile call and billed at a reduced mobile rate*

Our solution offers clear cost saving advantages

- Lower per minute charge to *mobile networks*
GH¢ 0.126 (*tax inclusive*) vs. **GH¢ 0.165** from a
GT landline
- Per Second Billing – all calls made via the
Teligent platform are billed on *per second* basis
